

High Performance SFP Transceivers

Optimal Quality at a Fraction of the Cost

100% Compatible Guarantee

Lifetime Warranty

Pre & Post Sales Support

Tempest offers a wide variety of pluggable transceivers for optical and copper connectivity, with transfer rates ranging from 100MB to 400GB. Each individual transceiver is coded to ensure compatibility with the host system to allow plug-and-play installations. Through extensive lab testing, Tempest can supply a wide range of custom solutions. All items are manufactured using the highest quality components and covered by a Lifetime Warranty.
